

SRI KARPAGAPRIYA TEXTILES P LTD.,

Company Profile

ABOUT US

We are an ISO 9001:2008 certified Yarn and Fabric manufacturer located at Rajapalayam in TamilNadu state in Southern India. Established in the year 1992 we are continuously producing, marketing and supplying yarns for Weaving, sewing thread and woven fabrics for garments, home textiles and for industrial applications. The total sales turnover of our company is around US\$40 Million.

Our company is managed by a team of professionals who are well experienced in cost effective sourcing of quality raw materials, a team for production (spinning and weaving) and another important team for quality assurance (QA) and marketing of our products.

We have a stringent commitment to quality right from the stage of procuring raw materials, at all production levels to packing/handling and to delivery stage, ensuring that our product always meet global standards of quality or even exceed those standards. This commitment enables us to be consistent in our product quality and delivery schedules. All these systems and procedures followed by our company is continuously reviewed and updated.

President Business Assurance

Intertek Certification Limited, 10A Victory Park,
Victory Road, Derby DE24 8ZF, United Kingdom

Intertek Certification Limited is a UKAS accredited body under schedule of accreditation no. 014.

In the issuance of this certificate, Intertek assumes no liability to any party other than to the Client, and then only in accordance with the agreed upon Certification Agreement. This certificate's validity is subject to the organisation maintaining their system in accordance with Intertek's requirements for systems certification. Validity may be confirmed via email at certificate.validation@intertek.com or by scanning the code to the right with a smartphone. The certificate remains the property of Intertek, to whom it must be returned upon request.

HR & TEAM

We believe in realising full potential of our employees, right across the hierarchy. We have a team of extremely dedicated and skilled employees, who are our assets. They share the company's vision of maintaining the highest standards of quality. We believe in the all round development of our staff, on a mental, physical as well as spiritual plane. It is for this reason that we have incorporated yoga as an integral part of our employee's development. Every employee is enrolled into a yoga program, which they go through before the start of each shift. They can further upgrade to higher programs and be eligible for certificates, if they wish to.

Our strength is our team of highly dedicated and competent professionals, with a shared vision of delivering only the best, every time. It is our firm belief that every individual's potential should be constantly upgraded, through a series of well thought out training programs. It is with this belief that we have every one of our employee trained in Yoga and Meditation, to uplift them at both the physical and spiritual plane and importantly, make them better at concentrating towards, total customer satisfaction.

We are already reaping the rewards of our truly unique approach, in the shape of our ever increasing list of satisfied clientele.

OUR GROUP OF COMPANIES

RAHIJAPRIYA FABRICS (TAMILNADU) P LTD.,

APARAJITHA TEXSTYLE & COMPANY

SRI KARPAGAPRIYA COTTON FIBRES

(DIVISION OF SRI KARPAGAPRIYA TEXTILES PRIVATE LTD.,)

COTTON FIBRES (RAW COTTON) – AN AFTER GIN PRODUCT READY FOR PROCESSING.

We are connected with quality cotton growing regions in India, in states / provinces like Andhra Pradesh, Telangana, Karnataka, Gujarat, Punjab, Maharashtra, Madhya Pradesh and Tamil Nadu. We can supply good quality varieties depending upon Staple Length, Micronaire Value / maturity and strength of the fibres.

Varieties such as DCH-32, MCU-5, Shankar-6, Bunny, MECH-1 etc.,

SRI KARPAGAPRIYA COTTON FIBRES

(DIVISION OF SRI KARPAGAPRIYA TEXTILES PRIVATE LTD.,)

COMBER NOIL (100% COTTON) – BYPRODUCT FROM COMBER DURING YARN PRODUCTION.

We only provide the finest quality Comber Noil, defect free manufactured through 100% pure cotton. Comber Noil is a by-product of yarn spinning process, produced when cotton is combed in comber machine to remove short fibers. Because of comber noil being trash free, it can be used for a number of purposes like, manufacturing of pharmaceutical and surgical cotton. Besides this comber noil is also be used in yarn production. It is also ideal for making cotton balls, cotton buds and cotton pads in cosmetic field.

Stringent quality management system is pursued right from procurement till the dispatch of our products to the clients end. We follow stern packing standards as it plays a vital role for safe and damage free transportation of fibers.

For raw cotton and comber noil we usually pack in compressed bales, half pressed or full pressed covered with cotton cloth. Cotton cloth is used to avoid foreign contaminations. Bale is duly strapped to facilitate handling and avoid opening of bales during transportation.
